HISTORIC & CULTURAL RESOURCES REVIEW

Property / Client Name:	Eagle Island- North Channel Restoration Design, 11-1239
Worksite Name/Number:	Eagle Island- North Channel (Worksite 1 of 1)
Funding Agency:	Rec. and Conserv. Office

Project Applicant	Lower Columbia River FEG
Contact Person	Tony Meyer
Address	12404 SE Evergreen Highway
City, State, Zip	Vancouver, WA 98683
Phone	(360) 882-6671
E-Mail	tony@lcfeg.org

Funding Agency:

Organization	Rec. and Conserv. Office
Address	PO Box 40917
City, State, Zip	Olympia, WA 98504-0917
Phone	360-902-3000
Contact	Kat Moore, Email: kathryn.moore@rco.wa.gov

PLEASE DESCRIBE THE TYPE OF WORK TO BE COMPLETED

(Be as detailed as possible to avoid having to provide additional information)

Provide a detailed description of the proposed project:

This design project will collect topographical and hydrological data to support completion of 90% design plans per Manual 18 appendix D and permits to restore optimum flows for juvenile chinook rearing in the North channel of Eagle Island in the lower North Fork Lewis River near Woodland in Clark County, WA. This action is necessary to maintain and improve 2.2 miles of high value salmonid spawning and rearing habitat that supports 1 of only 2 healthy, naturally reproducing chinook populations in the entire Columbia River watershed.

3 large hydro-electric dams in the upper watershed and dikes built in the lower watershed have severely impaired habitat forming processes in this watershed and reduced functional salmonid habitat to approximately 8 miles of river. Loss of the North Channel would significantly reduce available habitat and seriously impede recovery of the Fall brite chinook population. The project will also address habitat conditions important to coho and chum salmon, bull trout, rainbow trout and steelhead. Project partners and landowners include WDFW, Pacifi-Corps and DNR Aquatic Lands.

Describe existing project site conditions.

Current land use is primarily natural/ undeveloped. Several residentila homes are located on the North and South shorelines. WDFW maintains a boat ramp on the North shoreline. Eagle Island was purchased with SRFB funds and is undeveloped.

Describe any proposed ground disturbing activities. That is, will a tool(s) be used to move earth (soil, rock, gra

PROJECT REVIEW SHEET - EZ1

HISTORIC & CULTURAL RESOURCES REVIEW

Will buildings be altered or demolished? If so please complete a DAHP Determination of Eligibility EZ2 form for each building affected by the proposed project and attach the form to your project in PRISM. <http://www.dahp.wa.gov/pages/Documents/Sites.htm>
